

High-accuracy Stainless Steel 304/316 GBHY-4 Automatic Liquid Filling Machine

Specifications :

Price	Contact Us
Brand Name	Hanyi
Place of Origin	Shanghai, China
Min.Order Quantity	1 unit
Payment Terms	T/T
Delivery Detail	5 days - 20 days
Packaging Details	Standard export wooden case or carton box

Detail Introduction :

Device model: GBHY-4 automatic liquid filling machine

Equipment introduction:

Suitable for filling various liquids, such as pesticides, detergent, ink, cleaning agents, etc.

Performance characteristics:

1. Using PLC and electronic optical fiber sensor control, piston metering and automatic filling.
2. Touch screen, well-known brand electrical and pneumatic components.
3. The submerged filling mechanism is adopted, and the liquid does not overflow or bubble.
4. Simple adjustment of filling volume and filling speed, with no bottle no filling function, and automatic liquid level control for feeding.
5. The filling nozzle is equipped with an anti-drip device to ensure no wire drawing or dripping during filling.

Shanghai Hanyi Engineering Equipment Company is one of the most experienced suppliers of filling machines and solutions in China.
