

# 1-12.7mm Portable Handheld Inkjet Printer Capable of Applying High Quality Text, Logos, Date and Bar codes to Your Packages

## Detail Pengenalan :

Wide range of printing content

Wide application

Main Features

With its flexible and multi-functional features, **portable handheld inkjet printers** occupy a large market share. Some product packaging, outer packaging production date, batch number, trademark, and other content identification technology uses **small handheld inkjet printers**. As a manufacturer of **portable handheld intelligent inkjet printers**, we share with you its features and applications today.

The installation for a portable handheld inkjet printer code printing machine is quick and easy, just "plug and play", no experience required. From out of the box to the production line, you can be up and running in 30 minutes.

### **Wide range of printing content**

Small handheld date printer barcode inkjet printer can print text, time, English, numbers, QR code, LOGO graphics, bar codes, symbols, etc.

### **Wide application**

The portable handheld inkjet printer code printing machine is applicable to various industries such as industry, light industry, commodities, etc., such as beverage industry, pharmaceutical industry, supermarket retail, metal heavy industry, hardware tools, sheet metal manufacturing, logistics, food and agriculture, bookstores.

**portable handheld inkjet printer wide application**

## Main Features

Portable, Small Size  
 Lightweight and convenient  
 Easy to use  
 Touch screen  
 Fast dry Ink Cartridge  
 HD coding  
 Replace Cartridge Easily  
 U disk import  
 Height adjustable  
 Large capacity battery

## Specification

<b>Inkjet Technology</b>	Thermal Foam Inkjet 2.5
<b>CPU</b>	Quad-core 1.4GHz
<b>Operating system</b>	Linux

<b>External interface</b>	USB, photoelectric interface
<b>Printing accuracy</b>	600dpi
<b>Machine weight</b>	0.7KG
<b>Machine size</b>	22* 11.4 * 13cm
<b>Battery parameters</b>	2600mAh@DC16.8V
<b>Ink type</b>	water-based ink/42ml, dissolving ink/42ml
<b>Machine material</b>	ABS+PC
<b>Printing height</b>	1-12.7mm
<b>System language</b>	Chinese, English, Japanese, Turkish, Arabic, Korean, Spanish, Russian, Spanish, French, Portuguese, Italian, etc.
<b>Adapter</b>	AC input 100-240V; DC input 16.8V/2A
<b>Ink Color</b>	Black, White, Red, Yellow, Blue, Green, Invisible, UV
<b>Print content</b>	Chinese, English, numbers, symbols, QR codes, pictures, dates, counts, etc.
<b>Printed media</b>	Wooden boards, cartons, stone, pipes, cables, metals, plastics, electronics, auto parts, etc.
<b>Operating environment</b>	Temperature: 0-45°C (best: 20-30°C) Humidity: 40%-60%Rh
