

2500*1200*2150mm 316 Stainless Steel Automatic Filling And Capping Machine

Spesifikasi :

Harga	Contact Us
Nama Brand	Hanyi
Tempat Asal	Shanghai, China
Min.Jumlah Pemesanan	1 set
Syarat Pembayaran	T/T
Detail Pengiriman	5 days - 20 days
Detail Packing	Standard export wooden case or carton box

Detail Pengenalan :

Description

This full automatic capping machine is equipped with a cap feeder, which can orient bottle caps. Typically the cap feeder can be customized by making adjustments to the bowl for different sizes of caps. Larger caps and higher speeds may require larger bowls. These two machines can achieve automatically feeding caps and cap bottles, save labor and reduce production error. Shanghai Hanyi Engineering Equipment Company is an experienced supplier of filling machines and solutions in China.

Bottle height	30-300mm
Cap Diameter	18-70mm
Bottle Diameter	20-160mm
Working speed	20-60 bottles / minute (depending on bottle and cap size and shape)
Working voltage	AC220V/110V 50-60HZ
Working pressure	0.4-0.6MPa
Machine size	About 1930*740*1600mm
Package size	About 2000*820*1760mm
Machine weight	About 150kg

Q1: Are you factory or trading company?

A1: We are factory.

Q2: Can you guarantee your quality?

A2: Of course. We are the manufacture factory in China. More importantly, we put a high value on our reputation. Best quality is our principle all the time. You can be assured on our production completely.

Q3: What should I do if we are not able to operate the machine when we receive it?

A3: Operation manual and video demonstration sent along with the machine to give instructions. Besides, we have professional after-sale group to customer 's site to solve any problems.
