It can choose the removable belt or Industrial synchronous belt to achieve roll label function depending on different bottle surface characteristics.

3. Sending and collecting device

Machine can operation alone with turntable and collection device, also can connect production line.

4. Optional function

It is optional to choose Zebra ZE500?Xi4?ALX924 online printer, bar code detection, label Detection, rest label alarming function.

5. Intelligent operating system

Multi-functional man-machine interface, production counter, parameter adjustment visual monitoring, and fault display function.

6. Printer device:

The thermal transfer printer and ink-jet printer are all optional, printing and labeling function can complete together.

FAQ

1. Whats the lead time/manufacturing period for the labeling machine?

10-25 working days.

2. Are you a trading company or a manufacturer?

Factory with core technology.

3. Where is your factory located?

Shanghai, close to air port.

4. What is your MOQ?

1unit.

5. Whats the payment term?

T/T.

6. What about your after-sales support?

24 hours,timely response.

7. How do you pack the equipment?

Standard export wooden case with CE mark.

8. If OEM is acceptable?

OEM is acceptable.

9. Can you can design the equipment according to our size?

Sure.We offer different solutions based on different requests.

10. Do you have detailed and professional installation manual?

Yes, we have detailed manual and will pre-set parameters for you.
