

# Energy Saving And High Adsorption Thermal Transfer Overprinter, Thermal Transfer Printer

## Specifications :

|                    |  |
|--------------------|--|
| Price              | Contact Us                                 |
| Brand Name         | Hanyi                                      |
| Place of Origin    | Shanghai, China                            |
| Min.Order Quantity | 1unit                                      |
| Payment Terms      | T/T  |
| Delivery Detail    | 5 days - 20 days                           |
| Packaging Details  | Standard export wooden case or carton box. |

## Detail Introduction :

Product Overview With 53mm printhead, DIKAI D05S is one of most cost-effective smart coding machines, It can help customers to manage and use the manufacture data for identification, verifying, product promotion and logistic tracing. All these solutions are widely applied to industries of food, paper making, medicine, seeds, medical equipment, cosmetics, daily tissue, daily chemicals, wood industry, etc.

**Specification:**

|                              |  |
|------------------------------|--|
| <b>Model</b>                 | HY-T300 Thermal Inkjet Printer         |
| <b>Printing width</b>        | 32mm, 53mm                             |
| <b>Print resolution</b>      | Standard 300DPI, 12 dots/mm            |
| <b>Ink</b>                   | Color: Black, red, blue, yellow, white |
| <b>Port</b>                  | USB, RS232                             |
| <b>Operating environment</b> | 0-40°C                                 |

**Features?**

High resolution, clearly marked.

Energy saving.

Easy to operate and easy to maintain.

High adsorption.
