

High Adsorption T50 Thermal Transfer Overprinter/ 53mm Printhead Smart Coding Machine

Specifications :

Price	Contact Us
Brand Name	Hanyi
Place of Origin	Shanghai, China
Min.Order Quantity	1 set
Payment Terms	T/T
Delivery Detail	5 days - 20 days
Packaging Details	Standard export wooden case or carton box

Detail Introduction :

Features?

High resolution, clearly marked.

Energy saving.

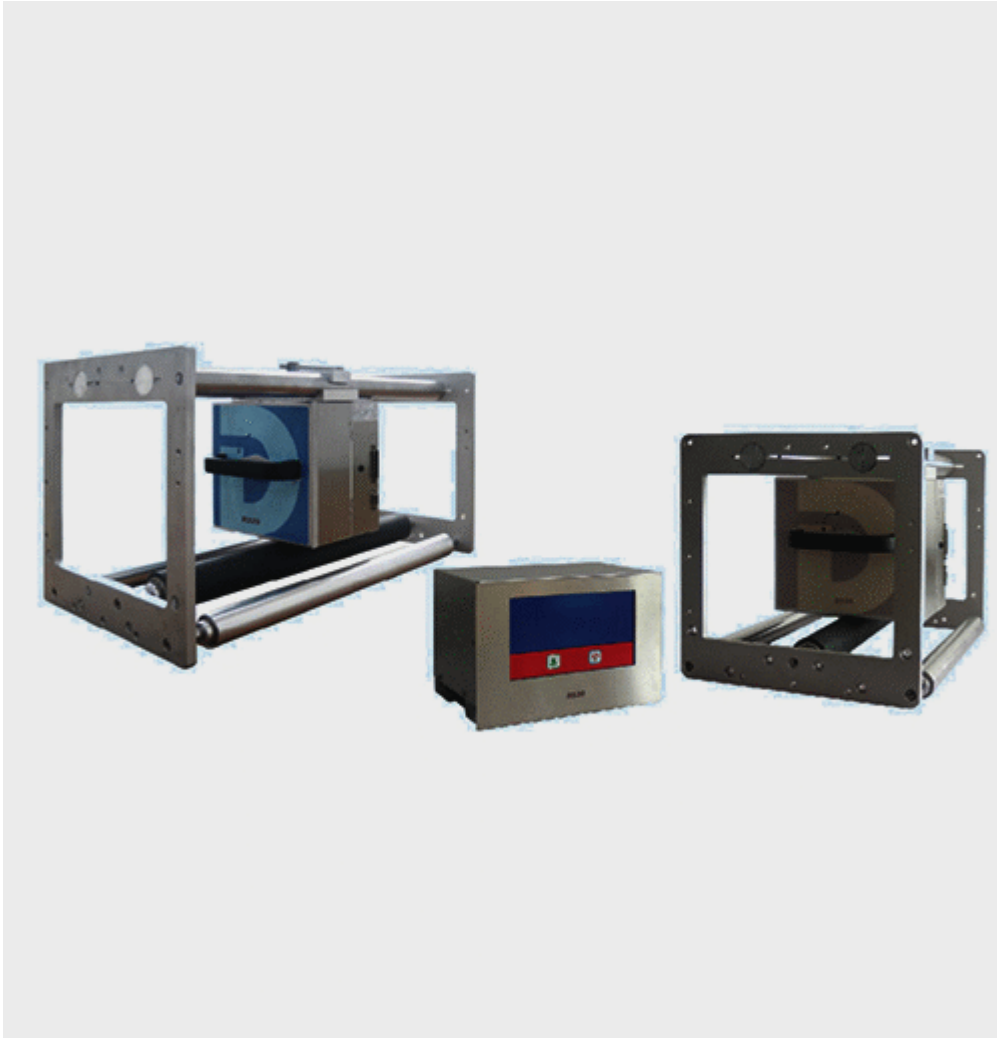

Easy to operate and easy to maintain.

High adsorption.

Product Overview:

With 53mm printhead, DIKAI D05S is one of most cost-effective smart coding machines, It can help customers to manage and use the manufacture data for identification, verifying, product promotion and logistic tracing. All these solutions are widely applied to industries of food, paper making, medicine, seeds, medical equipment, cosmetics, daily tissue, daily chemicals, wood industry, etc. Shanghai Hanyi Engineering Equipment Company is one of the most experienced manufacturer of Thermal Transfer Overprinters in China.

Q1: Are you factory or trading company?

A1: We are factory.

Q2: Can you guarantee your quality?

A2: Of course. We are the manufacture factory in China. More importantly, we put a high value on our reputation. Best quality is our principle all the time. You can be assured on our production completely.

Q3: What should I do if we are not able to operate the machine when we receive it?

A3: Operation manual and video demonstration sent along with the machine to give instructions. Besides, we have professional after-sale group to customer 's site to solve any problems.
