USB and RS232 Port	With USB, no RS232 Port
Environment Temperature	5?-45?
Humidity	Below 90%
Machine Dimension	387 * 270 * 507mm
Package in wooden dimension	625 * 455 * 730mm
NW,/GW.	37kgs / 47kgs (Wooden Case)
Display and Keyboard	8-inch full-color high-definition touch screen, and full-touch virtual keyboard

FAQ

Q: Product information to recommend a suitable model?
A: Product picture and printing content, we will print on a sample product and show you the picture.

Q: How about the ink consumption? How long can a bottle of ink be used?
A: It's related to the content you print on and your daily capacity. A bottle of 700ML ink can print 10 million pieces information of 35 characters. The proportion of ink and solvent is 8:1 and the warranty of ink is 1 year. For most customers, a bottle of ink can be used for 3 months.

Q: What if the machine is broken?
A: We will solve your problem by three steps:
1, Please take a video of the problem to us.
2, Our professional after-sales engineer will test on the problem and provide you a solution.
3, It's available to free-replace spare parts within guarantee period, and we can also provide you related videos of replacement. The freight of spare parts shall be borne by buyer.

Q: What about your service?
A: We offer 7*24 hours online service, please contact us.
